

**Cable Joints / HV LV accredited  
Manchester**

**Salary dependent on experience + excellent benefits package**

Based on a 150 year heritage, Bethell Utility Services (part of Bethell Construction) is an Independent Connections provider (ICP), based in the North West of England which delivers an end to end design and build multi utility service to new residential, industrial and commercial developments.

Following the award of new contracts, we are looking for exceptional candidates to drive the growth of our business within the multi utility sector.

As a Cable Joints you will be involved in all aspects of work on our HV & LV Network; carrying out jointing and cabling work for supply restoration on a pre-planned and quick response basis. You will be in a supportive team, with a strong sense of development and process improvement.

**You must have the following:**

- Relevant experience working in a similar role is essential
- Track record in construction, repair and operation of electrical plant and equipment up to 11kV
- Sound HV & LV electrical knowledge
- Full UK driving license
- Must be ENWL authorised, preferably ESP and SPEN authorised
- High regard for safety with excellent safety record
- Flexible with your time; you will carry out stand by and short notice work in the event of severe weather
- Excellent communication skills
- Passion for outstanding customer service
- Self-motivated with ability to work to deadlines on your own and as part of a team

To apply for this role please send your CV to [hr@bethell.co.uk](mailto:hr@bethell.co.uk)
