

Project Managers

The Manchester based civil engineering and utility services group, Bethell, is set to embark on a major expansion in 2020 as it looks to expand its workforce by up to 30%.

Bethell, which has operated in the North West for over 150 years, has gained a significant number of framework contract wins during 2019 with Utility companies, Local Authorities and key infrastructure clients.

We require Project Managers from a varied civil engineering background with experience of supervising construction projects in water, structures and highways environments. Ideally, candidates should have at least five years experience of successfully managing projects from £0.5m to £3.0m in value.

Candidates should be Degree qualified in civil engineering / construction management or possess HND equivalent and also possess other relevant industry accreditations pertinent to the role.

With continued long term frameworks in place we offer guaranteed continuity of work in the north west area of England, a competitive salary and excellent benefit package.

If you want to be part of our future please send your CV to recruitment@bethell.co.uk.
